FIA Karting Academy Trophy
Senior Race Director

1. Digital FIA Karting Licence & License Penalty Points

- 1.1. As per Article 28.B of the 2026 FIA Karting Specific Prescriptions, all 2026 FIA Karting Championships Events will be subject to the accumulation of “Penalty Points” on a driver’s Digital FIA Karting License. When a penalty is applied under the Code or Article 2.24 of the FIA Karting General Prescriptions, the Stewards may impose penalty points on a Driver’s Digital Licence.
- 1.2. If a Driver accrues 12 penalty points on his/her Digital Licence, a one-race ban is to be automatically applied, following which 12 points will be removed from the license. The one-race ban is applicable to any event counting towards an FIA Karting Championship, and is transferable between different Championships.

2. Light Panels on Marshals Posts

- 2.1. Light panels have been installed at every Marshals post; the light signals have the same meaning as flag signals. In the event of a discrepancy between flags and lights, the more restrictive **signal** shall prevail (**i.e. In the case of a green light panel and a waved yellow flag, the yellow flag will prevail**)

3. Observing yellow flags/lights.

- 3.1. When a yellow flag/light is displayed at a marshals post, slow down , no overtaking is permitted, drivers should be aware that there may be marshals or staff or medical staff working in the area.
- 3.2. Under ‘Double Waved Yellows’ **SLOW DOWN CONSISTENTLY**, no overtaking is permitted, drivers should be aware of an incident obstructing partially or wholly the track, there may be marshals or medical staff working in the area.

4. Entering the Track for Laps during Free Practice sessions and Qualifying.

- 4.1. Please ensure you leave the pits safely and do not impede drivers at any time on track, drivers in the track have priority over drivers entering the track, please, give way in a safe manner

5. Drivers leaving the Dummy Grid / Pit Lane.

- 5.1. For safety reasons, all karts entering the circuit must do so in a safe manner and inside the 'pit exit' white lines.

6. Restarting after a 'SLOW' procedure.

- 6.1. Please see below diagram:

- 6.2. **Restart** – no overtaking is allowed before the start/finish line. Drivers should follow the leading kart at a slow and constant speed, in either a single file or staggered formation, but never with any part of their bodywork in front of the leading kart's rear bumper. Acceleration by the poleman should start upon approach of the track's "Yellow Line"

7. Circuit & Parc Fermé Cameras

- 7.1. The FIA Camera System is operational on circuit and in Parc Ferme, including in Pit Entry/Scale line.

8. Specific Regulation Regarding 'Front Fairings'

- 8.1. We remind Competitors that, as per Article 2.3.3 of the 2026 FIA Karting General Prescriptions, an attempt (whether successful or not) to reposition a front fairing which is not correctly positioned (by a Driver or a third party, and as defined by Technical Drawing 2.2.1 of the 2026 FIA Karting Technical Regulations), a report to the Stewards of the Event will be made. If found guilty the mandatory penalty is **DISQUALIFICATION FROM THE COMPETITION**. We remind Competitors that upwards of 40 Race Control cameras are available throughout the track, and the provisions of this Article will be closely monitored throughout the event.

9. Helmet and Visor cam

- 9.1. We remind competitors that helmet and visor on board cameras are strictly forbidden at all times as they are modifications to the helmet, forbidden as per Appendix L, Chapter III, Art. 1.4 of the ISC.

10. **Race Suspension – (RED FLAG)**

- 10.1. Should a race be Red Flagged, please ensure to slow down and be prepared to stop as instructed by the marshals. Where possible, drivers will be directed to the start/finish line where they must stop and not carry out any work or interfere on the kart until approved by an FIA Official/Scrutineer. Additional details about the restart procedure will be given at the drivers/competitors briefing.

11. **Broken down karts on the track**

- 11.1. Wherever possible (and if safe to do so) Drivers must remove their karts to a place of safety, move as soon as possible to the closest Marshall post (or place indicated by the officials) and wait there until the end of the Session. Drivers are required, when safe to do so upon order of the marshals, to help them in their duties.
- 11.2. It is mandatory to wear the driver's helmet properly when on the pick-up vehicle.

12. **Attempt to restart**

- 12.1. As per Article 2.14 T of the 2026CIK FIA General Prescription, the following attempts to restart procedures should be followed :
- 12.1.1. DURING THE FIRST LAP: If the kart is to stop on track for any reason, the Driver shall only have a singular attempt to restart, after which the kart is to be moved in a safe location. In any case, the restart attempt must be done outside of the racing line, and in a safe manner.
- 12.1.2. AFTER THE FIRST LAP: If the kart is to stop on track for any reason, the Driver **WILL NOT ATTEMPT TO RESTART** and the kart is to be moved in a safe location.
- 12.1.3. Failure to comply with this rule will result in a penalty imposed by the Stewards, which may lead to the disqualification from the race where this

rule was violated or any other penalties under Article 12.4 of the Code. This penalty is not subject to appeal.

13. Chequered Flag – In lap

- 13.1. After the chequered flag, every driver must go back to parc fermé without any delay, at a slow speed and avoiding dangerous driving liable to hinder other competitors.

14. Pre Grid & Kart Repairs

- 14.1. No work on the kart is allowed, with the exception of tyre pressures, which can be adjusted by the Driver or his/her Mechanic using his/ her own tyre pressure gauge by letting air out only – if a kart is worked within these spaces, a report will be sent to the Stewards.
- 14.2. The only exception allowed to Art 14.1 of these Race Director's Competition notes will be any work carried out on a kart following a failure to start from the pre-grid (*E.G Faulty spark plug requiring a change*). The tool - assisted work will only be allowed following a clearly demonstrated failure to start, noted by a Judge of Fact, the Technical Delegate or the Race Director(s). The Driver concerned will take the start from the back of the formation, irrespective of the number of Formation Laps, upon order of the Race Director or Judge of Facts/Scrutineers.
- 14.3. If in the situation explained above, the driver cannot rejoin during the formation lap(s) he/she shall take the start of the race from the pit lane, upon permission of the Race Director or Judge of Facts/Scrutineers.

15. Drivers/Competitors Briefing

- 15.1. We remind all Drivers and Competitors that official briefing is mandatory: refer to the timetable of the event to check date and time.
- 15.2. As per Article 16 of the 2026 FIA Karting Specific Prescriptions missing or arriving late to the briefing means a mandatory fine accompanied by penalty points on the Driver's Digital FIA Karting Licence will be inflicted on any Competitor and Driver who were absent or were not present during the entire duration of the Briefing.

16. Summoning

- 16.1. All Events of the 2026 FIA Karting Championship's Season will proceed with summoning by the Stewards in digital format, through SMS texts, replacing the traditional runners.
- 16.2. Should a Driver be summoned, he/she will receive an SMS text message informing him/her of the summons. The Driver's Competitor will also receive the same message.
- 16.3. All other procedures to attend the Summon are to be done according to all relevant of the 2026 FIA International Sporting Code.

RÈGLEMENT SPORTIF

CARBURANT

18) Règlement de distribution

La FIA a désigné la marque ETS Racing Fuels (entreprise Haltermann Carless France S.A.S.) comme Fournisseur officiel du carburant devant être utilisé par chaque Pilote.

Le carburant ETS, appelé Renewablaze K1 R100, sera fourni par le réseau de distribution de la marque ETS Racing Fuels au prix maximum de 7,45 euros le litre (+/- €0,01), toutes taxes comprises, sur le lieu de chaque Compétition.

Les commandes préalables par les Concurrents sont obligatoires ; néanmoins, ETS prendra du carburant supplémentaire pour supporter les demandes de dernière minute.

Si le Pilote n'a pas pré-commandé son premier fût de 25L, il sera tenu pour seul responsable de ne pas avoir de carburant pour la Compétition.

Toutes les commandes devront être effectuées par le site internet dédié www.myetstorage.com, section « Livraison sur championnats / CHAMPIONSHIP Delivery ».

Les paiements peuvent s'effectuer par virement bancaire (jusqu'à 3 jours avant le jour de la Compétition) ou par carte de débit/crédit. Les paiements en cash ou par chèque ne sont pas possibles.

Comme pour tout site e-commerce, chaque Concurrent devra créer un compte client et l'utiliser tout le long de la saison.

Le site est simple d'utilisation, les explications se trouvent sur <https://www.youtube.com/@etsracingfuels2857/videos> en français, anglais, espagnol, italien, allemand et néerlandais. Les factures seront disponibles à télécharger via le compte client, environ une semaine après que le carburant aura été distribué.

Le camion du Fournisseur officiel de carburant ETS arrivera sur le circuit la veille des premiers Essais Libres (voir horaire). Ce programme est sujet à modifications.

Toute modification doit être publiée.

Le Concurrent ou le Pilote doit avoir commandé et payé via www.myetstorage.com avant de venir retirer son/ses fût(s) de 25 litres auprès de ETS.

Les personnes en charge de prendre le carburant doivent impérativement venir avec leur confirmation de commande (incluant le numéro de commande et le nom de l'entreprise ayant commandé) pour obtenir la quantité de carburant sollicitée.

Si nécessaire, la personne peut venir à plusieurs reprises pour retirer son carburant. Chaque personne retirant du carburant devra signer un document lors du retrait.

L'huile destinée au mélange du carburant 2-temps doit être une de celles publiées sur la liste des lubrifiants agréés par la CIK-FIA. Le carburant sera livré dans des fûts de capacité de 30/31 litres, remplis de 25 litres, ceci permettant aux Concurrents de faire leur mélange.

Les fûts seront livrés capsulés et contiennent des bondes de 2" et 3/4" sur lesquelles les teams pourront fixer leurs robinets.

SPORTING REGULATIONS

FUEL

18) Distribution regulations

The FIA has designated ETS Racing Fuels (company Haltermann Carless France S.A.S.) as the Official fuel supplier to be used by each Driver.

The ETS fuel, named Renewablaze K1 R100, will be supplied by the distribution network of the brand ETS Racing Fuels at the maximum price of 7.45 euros per litre (+/- €0.01), including all taxes, at the venue of each Competition.

Pre-orders by Competitors are mandatory; however, ETS will bring extra fuel to cover last-minute requests.

If the Driver has not pre-ordered their first 25L can, they alone will be held responsible for not having fuel for the Competition.

All orders must be placed via the dedicated website www.myetstorage.com, in the "Livraison sur championnats / CHAMPIONSHIP Delivery" section.

Payment can be made by bank transfer (up to 3 days before the day of the Competition) or by debit/credit card. Payment by cash or cheque is not possible.

As with any e-commerce site, each Competitor must create a customer account and use it throughout the season.

The site is easy to use, and explanations can be found on <https://www.youtube.com/@etsracingfuels2857/videos> in French, English, Spanish, Italian, German and Dutch. Invoices will be available to download via the customer account, approximately one week after the fuel has been distributed.

The ETS Official fuel supplier's truck will arrive at the circuit the day before the first Free Practice (see schedule). This programme is subject to modifications.

Any modification must be published.

The Competitor or Driver must have ordered and paid via www.myetstorage.com before coming to collect their 25-litre can(s) from ETS.

Those responsible for collecting the fuel must bring their order confirmation (including the order number and the name of the company that placed the order) in order to obtain the requested quantity of fuel.

If necessary, the person may come back several times to collect their fuel. Each person collecting fuel must sign a document at the time of collection.

The lubricant for the 2-stroke fuel mixture must be one of those published on the list of lubricants approved by the CIK-FIA. The fuel shall be supplied in 30/31 litre drums, filled with 25 litres; this enables Competitors to prepare their mixture.

The drums shall be delivered capped and shall contain 2" and 3/4" plugs to which teams can attach their taps.

Tous les fûts vides doivent être retournés auprès du camion ETS et posés sous la tente destinée à cet effet.

Pour les essais privés, le carburant peut être commandé en ligne en France, Italie et Espagne via le site www.myetstorace.com, section « Livraison hors championnats / REGULAR Delivery ».

Il est impossible de retirer le carburant à l'usine Haltermann Carless France.

Pour les autres pays, merci de prendre contact avec les distributeurs locaux (les contacts sont affichés dans la liste déroulante des pays).

ETS Racing Fuels effectuera des analyses poussées (Détecteur infrarouge FTIR) sur les carburants prélevés sur les karts, grâce à son laboratoire intégré dans le camion ETS.

Ces analyses permettront de détecter les éventuels ajouts (autres que huiles) dans le carburant.

It is not possible to collect fuel from the Haltermann Carless France factory.

For other countries, please contact your local distributors (contact details are displayed in the country drop-down list).

ETS Racing Fuels will carry out extensive analyses (FTIR Infrared Detector) on fuel samples taken from karts, using its laboratory integrated into the ETS truck.

We also collect some of this information from other motorsport participants with whom you interact, such as your employer, officials, your previous employers, other Drivers and Competitors and from broadcasters and the media. This is especially true where we carry out our integrity and disciplinary role.

As part of our integrity activities, we also actively gather intelligence from relevant sources, including members of the public and publicly available sources, including with the assistance of our background screening providers. We also collect data from anti-doping organisations (such as the World Anti-Doping Agency and National Anti-Doping Organisations) and our appointed anti-doping service provider.

Where you choose to involve a third party, for example, your employer, a representative, lawyer or relative, we will receive and share data with this person or organisation.

Why we collect, use and store this personal data

We are usually required to have a lawful basis to process your data. We explain each of these legal bases below. We also set out the purposes for which we process your data. For each purpose, we explain the lawful basis for that processing, the processing operations that we carry out and the categories of data that we process.

Legal bases relied on by the FIA for motorsport related processing

Consent – sometimes we ask for your consent to use your data.

Contract – if we have an agreement in place with you, we may process your data where it is necessary for us to meet our obligations or enforce our rights under the contract.

Legitimate interest – we can process your data when this is necessary for us to achieve a legitimate business purpose, or where this is necessary for someone else to achieve their legitimate purpose. We explain below what interests we, or others, are trying to achieve when we process your data. Where we process personal data on the basis of a legitimate interest, we consider what the impact of the processing will be on affected individuals and determine whether those individuals' interests outweigh our interests in the processing taking place.

Legal obligation – we have obligations to comply with legal and regulatory requirements under various applicable laws. In certain cases, we have to use your data to meet these obligations.

Vital interests – in exceptional circumstances, we may rely on the need to protect your vital interests to process certain data, particularly sharing information as needed with medical professionals for safety purposes.

Where we process your special category data – such as information relating to your health, biometric data that might identify you, your ethnicity, your religion, your sex life or sexual orientation, your trade union membership or your political opinions – we usually require a further lawful basis. These are as follows:

Explicit consent – we may ask you to consent to use this data;

Medical diagnosis/preventative and occupation medicine – we will only process data for medical purposes where required by law, or under the supervision of a health professional who is subject to an obligation of professional secrecy;

Substantial public interest, as set out in law – the law may make special provision for our processing, for example in relation to health and safety requirements;

Establishment, exercise or defence of legal claims – we are entitled to process special category data where this is necessary to establish, exercise or defend our legal rights;

Scientific research, as permitted by law – we will use your special category data for research where we can demonstrate that we meet legal requirements and have applied appropriate safeguards;

Vital interest – again, in exceptional circumstances, we rely on the need to protect your vital interests to process your special category data.

For certain types of processing, the FIA may be exempt from the requirement to have a lawful basis. This is notably the case where the FIA processes personal data to allow academic or artistic expression. The FIA has explained in this notice where this is relevant to its motorsport related processing.

FIA purposes of processing

The FIA processes your data for the following purposes:

Administering and managing FIA Events, including selecting and authorising Competitors, manufacturers and suppliers, issuing motorsport licences and categorising Drivers, and associated health assessment (legitimate interests, healthcare processing, explicit consent)

We collect and use your personal data so that we can carry out the FIA's role as a FIA Events organiser, and as a governing body providing administrative assistance and management of FIA authorized Events. This reflects our legitimate interest in administering and managing these FIA Events, and the legitimate interest of other motorsport participants in ensuring these FIA authorized Events can take place. This includes the collection of personal data to carry out due diligence in the selection and authorisation of Competitors, suppliers and manufacturers, to issue motorsport licences and categorise drivers, to issue media and other access accreditations, to allow Competitors and Drivers to register for specific FIA Events, to appoint and manage relevant officials and to provide administrative support to FIA Events such as issuing additional accreditation, liaising with third parties such as venues, Promoters or Organisers. This also includes our processing relating to checks of your fitness to attend an event, and arranging your travel and accommodation where required. It may also involve the taking of certain payments where required for entry or registration for a particular FIA Events or for obtaining a particular categorisation or accreditation.

Where we collect any special category data, particularly safety data collected in accordance with the role of the FIA's medical teams and medical delegates set out in the International Sporting Code, we rely upon our need to assess your health under the supervision of a healthcare professional where appropriate safeguards are in place. Where we receive your health data in connection with your fitness to attend an event, particularly as this relates to rules connected to Covid-19 protocols, we will typically process this to ensure the health and safety of other participants at these events.

In some cases, if you provide us with special category data to provide administrative or other assistance, we seek your explicit consent to process this information to the extent required by applicable data protection laws. Failure to provide this information, or withdrawing your consent, may result in the revoking of a licence if this would mean you are not eligible for the relevant licence, or may mean that the FIA is unable to provide appropriate assistance.

We use your identification data, contact details, travel related data, motorsport participation data, motorsport performance data, integrity and conduct data, financial data and safety data for this purpose.

We share your information with Organisers, our officials, with appropriate authorities involved in the organisation of a FIA Events, with Promoters and with our suppliers for example our background screening providers who assist with assessment of potential participants and IT service providers who host relevant platforms, our professional advisors, and travel agencies involved in our administrative role. Where you are a Driver seeking a licence, we share information relating to your application with your team and representatives and your ASN. We also publish certain information, such as the names and categories of categorised Drivers and details of individuals who have

had motorsport licences suspended. We also share information with law enforcement authorities if they have specific questions regarding the administration and management of FIA Events.

Carry out the FIA's governance, integrity and disciplinary role (legitimate interests, establishing, exercising and defending legal claims, substantial public interest, explicit consent)

We process personal data to carry out the FIA's governance role in motorsport, including the collection and processing of information to confirm and enforce compliance with the FIA's Statutes, International Sporting Code and the FIA's Sporting, Technical and Financial Regulations, Judicial and Disciplinary Rules, and any other FIA rules and regulations that may apply from time to time. This includes the collection of information directly from you, and from third parties with whom you may interact in motorsport, such as your ASN, your employer or team or your relatives. We also receive information from a wider variety of third-party sources where this provides relevant information or intelligence, including the media, members of the public and other motorsport participants.

We will use the data to carry out any necessary disciplinary and other legal processes, including appropriate investigations into possible breaches of our rules and regulations, to take decisions and enforce our decisions, and to publish details of the integrity decisions we take, including details of any bans we may impose. This processing is done to pursue our legitimate interest in maintaining the integrity of our sport, and the legitimate interest of other competitors to ensure motorsport is fair and free from improper influence or cheating.

In some cases, where we collect special category data for this purpose, we may rely on an additional lawful basis to the extent required by applicable data protection laws. Some of our integrity processing relies on specific local laws in the substantial public interest, for example to justify the processing of anti-doping data. We are also entitled to process special category data where we are seeking to establish, exercise and defend legal claims in the enforcement of our rules and regulations, including our Anti-Doping Regulations. However, in some cases we may need to seek your explicit consent.
